Welcome to HUNTINGDALE AUTO CLUB

COVID-19 UPDATE

During the current COVID-19 situation, HAC events may be held under restricted conditions. Therefore our social and sporting events will take place under the current Victorian Government and Motorsport Australia guidelines. Before attending any posted events, members should check for any changes on the [NEWS](#), [COMING EVENTS](#) and [CALENDAR](#) pages or contact organisers directly.

Huntingdale Auto Club (HAC), is a non-marque car club that is affiliated with [Motorsport Australia](#) (formerly the Confederation of Australian Motor Sport, [CAMS](#)). Based in Melbourne, Victoria, Australia, our speciality is ***being involved*** in motor sport, especially ***club level*** events. As such, we are an ideal club for anyone wanting to get a start in the sport and we have experienced members ready to lend a helping hand.

HAC members compete in and organise many types of events including [motorkhanas](#), [sprints](#), [hillclimbs](#) and [autocrosses](#). We also hold social events and have an official magazine '***Cogswapper***', although this is now an infrequent publication and largely replaced by this web site.

This web site is intended to provide information for both our current members and potential members. The [Frequently Asked Questions](#) page will hopefully provide

answers regarding both our Club and club-level Motorsport for prospective new members, whilst current HAC members can use pages such as [Calendar](#), [Coming Events](#) and [News](#) to keep up with the latest info. For anything not covered on these pages please use the [Message Us](#) page to request further information.
